'Job Fair 2010'

Please save the date of Thursday, April 15, 2010 for the 19th annual district job fair hosted by Illinois Valley Community College.

The fair offers a low-risk environment in which candidates can explore opportunities with a variety of employers while employers have a chance to network with other area businesses and recruit from hundreds of potential job candidates and interns. 60 employers and over 750 job seekers attended last year's event. Join us at Job Fair 2010 and bring some well deserved *visibility* to your local business. Recent closings and layoffs have resulted in many experienced and well qualified candidates with whom to connect !

Registration materials for participation in the fair will be mailed early February. To ensure participation at this year's fair and for more information, please contact Sharon Barthelemy, IVCC's Coordinator of Career Services at 815.224.0214, check our website www.ivcc.edu/cs, or email me at sharon_barthelemy@ivcc.edu.

Hope to see you at the fair !!!!!
